

# Building Brookside – Brick by Brick!

Brookside Swim and Tennis is working to construct a paver patio for improved access and safety to the tennis courts. This replaces the wooden deck which was removed in the spring. Monies raised from this project will be used to fund the entire patio, sitting wall and shade structure.

This walkway will be constructed of a combination of 4" x 8" and 8" x 8" red clay bricks.

We are able to offer the opportunity for you to purchase bricks to capture the memories of your family at Brookside. Purchase a brick for your family, children, husband or wife to celebrate what Brookside means to you and yours.

The funds raised from the purchase of an engraved brick will enable the club to purchase all associated project materials (such as base material and surrounding bricks) to complete the project. The initial goal is to construct the paver patio and dependent on the sale response expand to include a sitting wall and a shade structure as well as other improvements.

Engraved 4" x 8" bricks will allow for a 45 character 3 line message and 8" x 8" bricks will allow for a 60 character 4 line message. Each line of print can contain up to 15 characters or spaces per line. Please use a separate form for each brick ordered. The cost of each 4" x 8" brick is just \$50.00, and each 8" x 8" brick is \$75. Messages will be reviewed by a Board member for appropriateness.

We will take orders for bricks this summer with an installation of this project targeted for the fall of 2011. The total goal is 100 brick sales this summer. We will have a progress display in the clubhouse showing how many bricks have been ordered as the summer progresses.
